

PC350LC-8MO EXCAVATOR

PRODUCTIVITY FEATURES

- **High Production & Low Fuel Consumption** - High power, working performance and fuel efficiency improve production/fuel costs.
- **Large Drawbar Pull** - Provides superb steering and slope climbing performance.
- **Large Digging Force** - Pressing the Power Max function button temporarily increases digging force by 7%.
- **Two Mode Setting for Boom** - Switch selection allows either powerful digging or smooth boom operation.
- **Information & Communication Technology** - Large multi-lingual high resolution LCD monitor equipped with the EMMS monitoring system to support efficiency improvement.
- **Ecology & Economy Features**—A powerful turbocharged and air to air aftercooled Komatsu engine provides power and machine productivity with low emissions, low operation noise and an economy mode to save fuel consumption.
- **Safety Design**—ROPS cab for protecting the operation in the event of a rollover; slip resistant plates for improved foot grip; and rear view monitoring system.
- **Large Comfortable Cab**—Low-noise cab with cab damper mounting for low vibration. Operator seat enabling correct posture and high pressurisation in cab for comfort.

Bucket Capacity: 0.52—2.0m³

Engine Type: Komatsu SAA6D114E-3 water-cooled, turbocharged, after-cooled, direct injection diesel

Net Horsepower: 194kW 260 HP

Hydraulics: HydraMind closed-centre load sensing system (CLSS) with load sensing valves & pressure compensated valves.

Drive:
 Drive method hydrostatic
 Steering control two levers with pedals
 Max Drawbar Pull 264kN

Safety Equipment: Rearview mirror (RH, LS & Sidewise); hand rails and non-slip grip surfaces; full deck handrail with 100mm kick rail & flex base; single factory fitted rear camera (plus wiring for additional); 3 emergency stops, factory fitted; Rating type beacon with guard; Level 2 overhead protective guard; markings & caution plates for Aus/NZ spec; working lights; travel alarm.

Transport Dimensions

Length	11,140mm
Width	3,310mm
Height	3,285mm
Operating Weight	36,300kg
